EXPERIENCE

TUBITAK (The Scientific and Technological Research Council of Turkey)

Oct 2021 - Present

Bachelor's Degree Scholarship Developer

Bursa, Turkey

- I worked as a scholarship developer in the **open-source** project supported by TUBITAK.
- I assisted in the development a **backend API** with the **PHP** programming language.
- I made improvements on the pages where user interact with **Vue.js** framework.

Karegen.com

July 2021 – Aug 2021

Software Engineer Intern

Bursa, Turkey

- I designed and code web pages section such as **slider**, **footer**, **about** section with **JavaScript** programming language and libraries.
- I learned the **MVC structure** with **Laravel**, a **PHP** programming language framework, and developed an online Quiz System with them.

Meet the Music

May 2021 – Aug 2021

Software Engineer Intern

Izmir, Turkey

- I created a dashboard that **visualizes** the instantly updated user data with **matplotlib** and **seaborn** libraries of the **Python** programming language.

PROJECTS

Fast Typing Vue | *Laravel, Vue.js 3, Bootstrap 5*

- Built the web app fast-typing.ueuo.com which users can discover their word typing speed by entering them.

Real-time Image Classifier | *TensorFlow, OpenCV, Google Teachable Machine, Python*

- Built a project that detects the image classification model produced on Google Teachable Machine in real time with webcam on local device

Ekmek Teknesi | *PHP, JavaScript, MySQL, Bootstrap 5*

- Built a web project where job seekers and employers can easily find each other and follow the process.

Online Quiz System | *Laravel, JavaScript, JQuery, PHP, MySQL, Bootstrap 5*

- Built a web project which users can create quizzes, participate in quizzes, and see their rankings according to other users while doing all these.

VOLUNTEERING AND AWARDS

Microsoft

Oct 2021 – Present

Microsoft Learn Student Ambassador

- I qualify to join the global student community which Microsoft accepts only four times a year.

Google

Oct 2020 – Oct 2021

Google Developer Student Club Core Team Member

- We have organized many events such as DevFest that can inform people about technology.
